

# Week 04 Journal

**Name:** Zunaid Ebne Hie

**Student ID:** 12221209

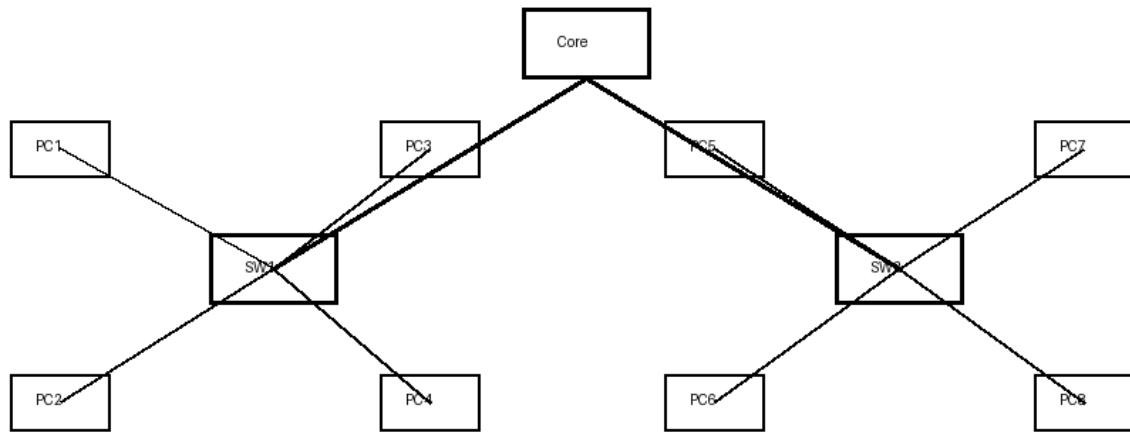

## Task 3 – Draw Network Diagrams

Part A – Switched LAN with one switch and four PCs.

Zunaid Ebne Hie - 12221209

Part B – Star topology with three switches and eight PCs.

Zunaid Ebne Hie - 12221209

## Task 4 – ARP and ICMP Analysis

ARP packets are used to resolve MAC addresses from IP addresses in a local network.

The first ICMP packet is Echo Request and the second is Echo Reply.
