

Week 09 Journal

Name: Zunaid Ebne Hie

Student ID: 12221209

Task 2 – Security Basics

Completed CIA Triad activity covering confidentiality, integrity, and availability.

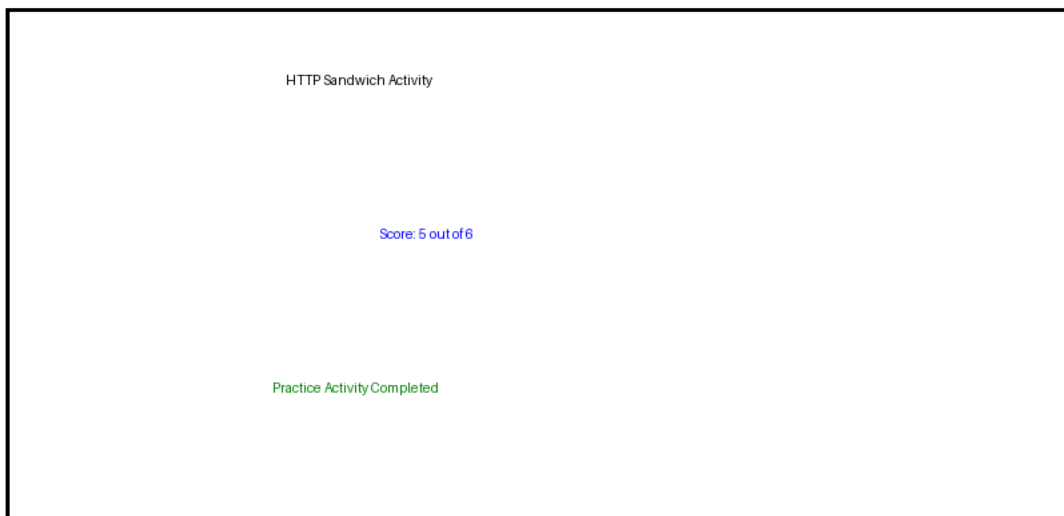

Task 3 – Security Techniques

Completed Firewall Rules activity to learn how traffic is controlled in networks.

Task 4 – Addressing and Routing

Completed HTTP Sandwich activity involving MAC, IP, TCP, and HTTP addresses.

Task 5 – Reflection

The GitHub weekly journal was the most useful activity because it combined practical work, explanations, screenshots, and revision.
